

MIKE JOHNSON
FOR CONGRESS CD-7
Seminole & Volusia County

Conservative Republican for U.S. Congress

www.MikeJohnson07Florida.com

Dear fellow Republican conservative,

I would like to thank you for giving me the opportunity to serve on active duty in the United States Army during the Vietnam War, and to serve again in Uniform in the US Army Reserves. As an Honorably Discharged Veteran, I ask that you help me serve once again in the halls of Congress.

It is critical that we support our military and military families around the world who are protecting us from terrorism and even more so in protecting our borders from Infiltrators from lands beyond our shores.

I will champion and push for laws and regulations that enable our law enforcement agencies to keep track of and prevent Terror attacks in our own country...and demand that courts do the same!!!

It is time to change the laws to limit immigration, especially for those who do not assimilate into our society and culture. I have decided to run for office once again, this time for U.S. Congress.

I need your help to reach 300,000 active voters in our district.

We have budgeted our campaign in a way that does not waste a penny. Unlike my competitor who has used his funds to pay luxury hotel bills, luxury aircraft jets, limousines, pay his personal friends and personal business friends. I will not do that. I promise you.

I will not send my staff to China to meet with CCP Chinese Communist Party officials and travel around China to help their businesses sell products in our country like my opponent has.

I will support American businesses first and enact laws to make goods and services compete on a level playing field. I will introduce bills to give tax breaks and eliminate excise taxes and get rid of burdensome regulations that hold our industries down.

I have made it a priority that we must end our reliance on oil coming from outside of our continent. Overseas oil money is being used by Middle Eastern countries to buy our universities off, corrupt our children with hate, and fund wars and terrorists crossing our borders. This must stop. Let's use North American producers. We can make that happen.

Your donation of \$10, \$20, \$50, \$100, \$1,000, \$3,300 or more is needed to help make our mission possible. I know that I can count on you to help.

We need a true "get err done" fiscal conservative in Congress more today than at any time in our history. I promise I will not be on television and radio talk shows telling stories and lies about rescues, being overseas, and fighting in many wars which never happened, and telling others what we all already know. I will fight for you inside Congress.

We need a true resident (not a guy on vacation) from our district who knows us, knows our issues, and knows our community values that will honestly represent them in Congress. We do not want a carpet bagger who has been living in the Washington D.C. area for the past 20 years. Who never grew up and raised a family in this district.

My children and my grandchildren grew up in this district. My late wife, children, and grandchildren attended schools and colleges and graduated in this District. We all work and play in this District.

My opponent has not and none of his family have either, yet he brags that he grew up near here and that he has been "deployed many times" throughout his whole life (a complete falsehood).

I cannot sit idly by. The Democrats have too many reasons to easily defeat my opponent in the general election. We cannot let that happen. That is why it is critical to elect me instead and why I need your help.

Here is a brief of my life experience that connects us:

I was raised on a farm in the Midwest with a father and a mother who always had food on the table and a warm place to live. Those values never leave you. I drove tractors, trucks, and combines; I baled hay, fed the cows, hogs, and chickens. I went hunting, fishing, ice skating, hiking, boating and skiing on the lakes and rivers. I was in sports in high school and graduated in the top ten of my class (see my yearbooks, records, and news articles during high school). I was involved in my local Church and would bring little baby goats to Sunday school to entertain the little kids.

After graduating from high school, I went to Bible College for a semester, but then decided to join the Army. I graduated from the Defense Language Institute in Monterey, CA, then went to Voice Intercept and Cryptology training in West Texas as part of the Army Security Agency. I obtained my first top secret, special access clearance in the Army. I maintained my various clearances for over 36 years. After serving in the active Army, I joined the Army Active Reserves as a uniformed soldier in the U.S. Army Military Intelligence Command doing weekends and yearly drills.

I got married in a small Christian Church where I met my wife while in the army. She gave us two beautiful children. She supported my goals and achievements of going to college where I earned a B.S. Degree in Business, and a Master's Degree in Business Administration going to classes on week nights and weekends here in District 7. She later earned her Master's Degree at UCF and was licensed as a CPA residing in Florida here in District 7.

I worked for 2 companies while attending college and was then asked to join the Department of Defense Under Secretary in an agency know as part of the Forth Estate. I interacted in "regulatory roles" with many corporations, government agencies, politicians, and government workers and their unions for over 30 years. My general job duty was to protect taxpayers' money.

My overall roles were to oversee, fact find, lead teams to investigate contractors, employees, and provide advice and recommendations for hundreds of different entities and agencies. I worked the halls of Congress for funding and to eliminate funding for various programs for many years.

I was honored to work on projects with President Reagan's OMB director, David Stockman.

I was involved with Investigations on Military programs, NASA programs, Veterans Administration issues, Defense Threat Reduction Agency, and overseas contractors in Iraq, Kosovo, and Afghanistan resulting in several of them being debarred, fined, jailed and put out of business.

I was also involved in making sure products were designed, built, delivered, and paid for through Congressional Funding. When I was an Armed Services Planning Officer within the DoD, I saw firsthand how critical it is to maintain our domestic production capabilities and surge capacity. I don't grand standing tell lies about my service or employment. The real guys do not talk that way.

Your financial support is needed in these days of all talk, talk, talk, and no real action politicians. Your help to set our priorities is needed.

My opponent brags that he is working with democrats and has indeed added his name as co-sponsor of 10 Democrat bills sponsored by 8 different Radical Democrats like Debbie Wasserman Schultz and Lois Frankel of Florida.

I am fighting against Radical Democrats, not cozying up to them. I pledge to never co-sponsor a bill or amendment that the radical left wants.

I will fight to do anything that we can to reprogram funds to vital security programs and personnel thru all means possible and to shut down agencies and programs that are not needed and serve no purpose.

I will gather the private sector industry and professional associations to help keep Social Security Solvent as an annuity program for generations. My opponent is doing nothing to stop the program from going into default.

I have senior leadership experience working with elected representatives and their staff in the halls of Congress to bring change. My opponent does not. I helped draft language to get laws changed, eliminated, and passed. And bad ones repealed. Funding scrapped and funding added. Downsizing the power, scope and funding of useless programs will be my priority. I will be the Rand Paul of the House.

I want you to be a part of that mission too. Please join me as a VIP and join our campaign. When I am elected, I will recognize you personally for your great contributions as often I can in public appearances. I will also take your advice for spending reductions.

YOUR SUPPORT MEANS the world to me, and especially with us who love our great nation. I want you to know that. I want to thank you in advance for your contribution and for donations you have made to others that share our values, valor, freedoms, security, individual rights, gun rights, and our pursuit of happiness for generations to come.

Yours very Truly,

Mike Johnson

United States Army Veteran and U.S. Congressional Candidate.

P.S. I hope to hear from you soon and to get the opportunity to meet and chat with you.

PLEDGE OF SUPPORT FOR AMERICA

Mike Johnson for U.S. CONGRESS

United States Army Veteran

YES Mike!! I am with you to save our Republic as our U.S. Congressman.
